

## Sri Lanka: Status of SDG Indicators and Baseline Data

Sustainable Development Council of Sri Lanka
October 2023

### Digital Transformation Towards SDG Data Management

- > The greatest challenge in reviewing Sri Lanka's progress in achieving Sustainable Development Goals (SDGs) is the limitations in data, both in terms of availability and frequency of compilation.
- ➤ In 2017, the Report titled 'Status of SDG Indicators in Sri Lanka' issued by the Department of Census and Statistics reported data availability for only 46 SDG indicators out of the 244 SDG indicators proposed by the SDG Global Framework.
- > The Sustainable Development Council of Sri Lanka (SDCSL) has taken the initiative to strengthen SDG Data Governance and Management Systems.
- > The National SDG Data Portal launched by SDCSL is an integrated platform that links all government institutions to a central platform promoting a whole-of-government approach to data compilation and dissemination.

### **Data Validation Process**

- > Through an interactive process initiated in January 2021, SDCSL maps, verifies and validates the data currently available with all government institutions following the three-step process outlined below:
  - Analyzing data requirements of SDG indicators in line with the UN Meta-data Guidelines;
  - Initial assessment to compile Baseline Data available with government institutions through an interactive process;
  - Verifying and validating the Data as official government statistics.
- > In addition, the current data gaps are being identified and initiatives are being taken to develop methodologies to generate and compile data for additional SDG indictors necessary to review progress towards SDG targets.
- > The data process has been supported by the technical and statistical expertise provided by the Department of Census and Statistics, the United Nations Development Programme and other UN Agencies in Sri Lanka.

### DATA MAP FOR SDG INDICATORS AS AT 31st October 2023

	1 NO POVERTY	2 ZERO HUNGER	3 GOOD HEALTH AND WELL-BEING	4 QUALITY EDUCATION	5 GENDER EQUALITY	6 CLEAN WATER AND SANITATION	7 AFFORDABLE AND CLEAN ENERGY	8 DECENT WORK AND ECONOMIC GROWTH	9 INDUSTRY, INNOVATION AND INFRASTRUCTURE	10 REDUCED INEQUALITIES	11 SUSTAINABLE CITIES AND COMMUNITIES	12 RESPONSIBLE CONSUMPTION	13 CLIMATE ACTION	14 LIFE BELOW WATER	15 LIFE ON LAND	16 PEACE, JUSTICE AND STRONG	17 PARTNERSHIPS FOR THE GOALS

Target 4.b: By 2020, substantially expand globally the number of scholarships available to developing countries, in particular least developed countries, small island developing States and African countries, for enrolment in higher education, including vocational training and information and communications technology, technical, engineering and scientific programmes, in developed countries and other developing countries

Indicator 4.b.1 Volume of official development assistance flows for scholarships by sector and type of study

Year	2015	2020	Target By 2030
The volume of official development assistance flows for scholarships by sector and type of study (in USD Million)	9.63	9.63	10

Source: Organisation for Economic Co-operation and Development - 2015- 2020

Target 4.c By 2030, substantially increase the supply of qualified teachers, including through international cooperation for teacher training in developing countries, especially least developed countries and small island developing States

Indicator 4.c.1: Proportion of teachers in: (a) pre-primary; (b) primary; (c) lower secondary; and (d) upper secondary education who have received at least the minimum organized teacher training (e.g. pedagogical training) pre-service or in-service required for teaching at the relevant level in Sri Lanka

Proportion of Teachers who have received at least the minimum organized teacher training	2016	2017	2018	2019	Target By 2030
Primary (%)	85.6	85.5	83	83.3	97
Lower Secondary (%)	84.7	84.5	81.5	83.3	95
Upper Secondary (%)	76.1	80.4	76.9	76.6	88

# Achieve gender equality and empower all women and girls

# Target 5.1 End all forms of discrimination against all, irrespective of their age, sexual orientation or gender identity.

Indicator 5.1.1 Whether or not legal frameworks are in place to promote, enforce and monitor equality and non-discrimination on the basis of sex

The scoring methodology is the unweighted average of the questions under each area of law calculated by: A\_i=(q\_1+···+q\_(m\_i))/m\_i.

Where Ai refers to the area of law i; mi refers to the total number of questions under the area of law i; q1+...+qmi refers to the sum of the coded questions under the area of law and where qi="1" if the answer is "Yes" and qi="0" if the answer is "No".

Target 5.2 Eliminate all forms of violence against all (irrespective of their age, sexual orientation or gender identity) in the public and private spheres, including trafficking and sexual and other types of exploitation.

SDCSL

Indicator 5.2.1 Proportion of ever-partnered women and girls aged 15 years and older subjected to physical, sexual or psychological violence by a current or former intimate partner in the previous 12

months

Year	Proportion
2016	16.6
2019	14.5

Proportion of ever-partnered women and girls aged 15 years and older subjected to physical, sexual or psychological violence by a current or former intimate partner in the previous 12 months

Target 5.5 Ensure women's full and effective participation and equal opportunities for leadership at all levels of decision making in political, economic and public life.

Indicator 5.5.2 Proportion of women in managerial positions

Year	Total (%)
2016	25.6
2017	23.2
2018	22.5
2019	25.6
2020	26.1
2021	21.8
2022	24.6

Source: Labour Force Survey, Department of Census & Statistics- 2016-2022

Target 5.6: Ensure universal access to sexual and reproductive health and reproductive rights as agreed in accordance with the Programme of Action of the International Conference on Population and Development and the Beijing Platform for Action and the outcome documents of their review conferences

Indicator 5.6.1: Proportion of women aged 15–49 years who make their own informed decisions regarding sexual relations, contraceptive use and reproductive health care

Year	Proportion
2016	54.3%

■ Proportion of women aged 15–49 years Who make their own informed decisions regarding sexual relations, contraceptive use and reproductive health care

Target 5.a: Undertake reforms to give women equal rights to economic resources, as well as access to ownership and control over land and other forms of property, financial services, inheritance and natural resources, in accordance with national laws

Indicator 5.a.2: Availability of legal framework (including customary law) that guarantees women's equal rights to land ownership and/or control

Proxy	Status
Proxy A- Joint registration of land is compulsory or encouraged through economic incentives	Not Present
Proxy B- Compulsory spousal consent for land transactions	Present
Proxy C- Women's and girls' equal inheritance rights	Present
Proxy D- Allocation of financial resources to increase women's ownership and control over land	Not Present. No Statistical evidence to show at least 40 percent of women's ownership and/or control over land
Proxy E- In legal systems that recognize customary land tenure, the existence of explicit protection of the land rights of women	Not Present
Proxy F  Mandatory quotas for women's participation in land management and administration institutions	Not Present. No Statistical evidence to show at least 40 percent of women's ownership and/or control over land

Result of the Assessment	Classification
Two of the proxies present in primary	Band 3: Low levels of guarantees of gender equality in
or primary and secondary legislation	land ownership and/or control in the legal framework.

Target 14.4 By 2022, effectively regulate harvesting and end overfishing, illegal, unreported and unregulated fishing and destructive fishing practices and implement science-based management plans, in order to restore fish stocks in the shortest time feasible, at least to levels that can produce maximum sustainable yield as determined by their biological characteristics.

Indicator 14.4.1: Proportion of fish stocks within biologically sustainable levels

1. Pelagic fish biomass estimated by Acoustic Methods (2019/2020)

Coastal Area	Year	Biomass of Small Pelagics: PEL1 (Metric Ton)	Biomass of medium Pelagics: PEL2 (Metric Ton)
North East	2019	164.0	7281.0
North East	2020	2240.2	2271.3

- 2. Blue Swimming Crab (*Portunus pelagicus*) fishery in the Palk Bay, Sri Lanka.
- The estimated Spawning Potential Ratio (SPR) for Blue
   Swimming Crab stock is 38% (± 0.003) (2016 Assessment)

Target 14.4 By 2022, effectively regulate harvesting and end overfishing, illegal, unreported and unregulated fishing and destructive fishing practices and implement science-based management plans, in order to restore fish stocks in the shortest time feasible, at least to levels that can produce maximum sustainable yield as determined by their biological characteristics.

#### Indicator 14.4.1: Proportion of fish stocks within biologically sustainable levels

3. Lobster (*Panulirus Homarus*) stock assessment results in Hambanthtoa district, Sri Lanka from equilibrium Spawning Potential Ratio (2021 study)

Year	Spawning Potential Ratio
2007	22% (20% - 24%)
2014	18% ( 15%- 22%)
2015	17% ( 15% - 19%)
2017	20% (19% - 21%)
2018	27% (24% - 31%)
2019	21% (20% - 23%)
2020	27% (23% - 31%)

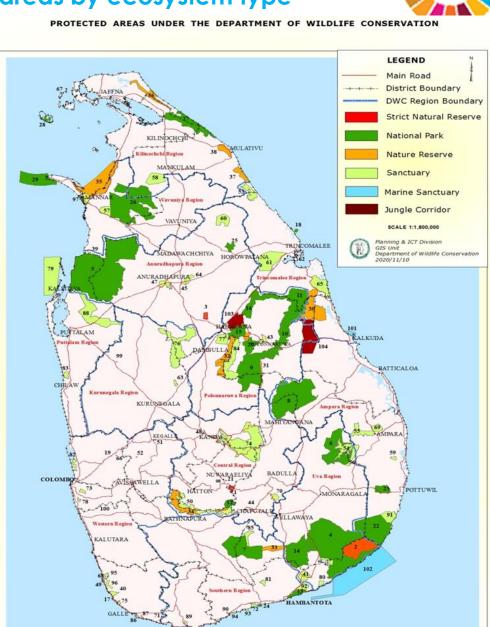

Conventional reference points	SP proxies
Precautionary and rebuild SPR	60%
Precautionary Maximum Sustainable / Economic Yield	50%
Upper Target Reference Point (Maximum Sustainable Yield -MSY)	40%
Lower Target Reference Point (Maximum Sustainable Yield - MSY)	30%
, and the second	
Limit Reference Point (LRP)	20%

Target 14.5 By 2022, conserve at least 10 per cent of coastal and marine areas, consistent with national and international law and based on the best available scientific information.

Indicator 14.5.1 Coverage of protected areas in relation to marine areas by ecosystem type

- Department of Wildlife Conservation (DWC) possesses a marine area of 164286.08 ha. Even though, only three of the protected areas have been particularly declared as marine protected areas (Marine national parks: Adam's bridge, Marine sanctuaries: Kayan Kerni, Maharawana Kudarawana), some of the other protected areas also should be taken in to consideration as they also contain a marine component (Ex: lagoons, estuaries).
- The marine area belonging to DWC has increased significantly from 2010. DWC is in the proses of declaring more marine protected areas (Mirissa and Wilpattu marine sanctuaries). Marine strict nature reserves and marine wilderness areas have not been declared so far.

Source: Department of Wildlife Conservation - 2020

Target 14.6 By 2022, prohibit certain forms of fisheries subsidies that contribute to overcapacity and overfishing, eliminate subsidies that contribute to illegal, unreported and unregulated fishing and refrain from introducing new such subsidies, recognizing that appropriate and effective special and differential treatment for developing and least developed countries should be an integral part of the World Trade Organization fisheries subsidies negotiation. Indicator 14.6.1 Degree of implementation of international instruments aiming to combat illegal, unreported and

• The level of compliance with the relevant laws and agreements by the Indian Ocean Tuna Commission on Fisheries Industry in Sri Lanka.

Year	Compliance Rate
2010	5%
2011	18%
2012	47%
2013	51%
2014	60%
2015	74%
2016	77%
2017	82%
2018	87%

Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification and halt and reverse land degradation and halt biodiversity loss

Target 15.1 By 2022, ensure the conservation, restoration and sustainable use of terrestrial and inland freshwater ecosystems and their services, in particular forests, wetlands, mountains and dry lands, in line with obligations under international agreements.

#### Indicator 15.1.1 Forest area as a proportion of total land area

Forest Cover	Extent(ha.)	%
Dense Forest	1,435,576	21.9
Open & Sparse Forest	389,561	5.9
Mangrove	19,757	0.3
Savanah	68,075	1.0
Total Forest Cover	1,912,970	29.2
Forest Plantation	99,959	
Rubber	119,548	
Scrubland	372,418	

Source: Department of Forest Conservation - 2020

Target 15.1 By 2022, ensure the conservation, restoration and sustainable use of terrestrial and inland freshwater ecosystems and their services, in particular forests, wetlands, mountains and dry lands, in line with obligations under international agreements.

Indicator 15.1.2.a. Proportion of important sites for terrestrial biodiversity that are covered by

protected areas, by ecosystem type

- Category I: Strict nature reserve
- Category I: Wilderness area
- Category II: National park
- Category III: Natural monument or feature
- Category IV: Habitat/species management area
- Category V: Protected landscape/seascape
- Category VI: Protected area with sustainable use of natural resources

Category	Area (ha)
National parks (26)	738,650.5
Nature reserves (9)	110,253
Strict nature reserves (3)	31,574.4
Sanctuaries (65)	331,194.3
Jungle corridors (1)	8,777
Total area (Marine)	164,286.08 ha
Total area (Terrestrial)	1,056,163.12 ha
Total area (Terrestrial+ Marine)	1,220,449.20 ha

Source: Department of Wildlife Conservation - 2020

Nature reserves (9) Jungle corridors (1) Total area (Marine): 400,000 2030 Target Total area (Terrestrial): 1.2 million ha

Total area (Terrestrial and Marine): 1.6 million ha

Proportion of important sites for terrestrial biodiversity that are covered by protected areas in hectares

Target 15.2 By 2022, promote the implementation of sustainable management of all types of forests, halt deforestation, restore degraded forests and substantially increase afforestation and reforestation.

Indicator 15.2.1 Progress towards sustainable forest management

#### Sub- Indicator 15.2.1.a. Forest area annual net change rate

Forest Cover	Extent(ha,)
Forest Cover in 2010	1,951,473
Forest cover in 2015	1,912,970
Deforestation Area (Within five years)	38,503
Average Deforestation Area per year	7,701
Annual Rate of Deforestation	0.39%

#### Sub-Indicator 15.2.1.c. Proportion of forest area located within legally established protect areas

Forest Types	No of Forests	Extent(ha.)	% to total Land Area
Conservation Forest	128	179,916	2.74
Reserve Forest	747	1,155,485	17.61
Total No of Forests	875	2,131,054	20.35

Source: Department of Forest Conservation - 2015

Target 15.4 By 2030, ensure the conservation of mountain ecosystems, including their biodiversity, in order to enhance their capacity to provide benefits that are essential for sustainable development.

Indicator 15.4.1: Coverage by protected areas of important sites for mountain biodiversity

Mountain Category	Mountain Area (km2)	Key Biodiversity Mountain Area (km2)	Protected Key Biodiversity Mountain Area (km2)	Percentage (%)
Class 01	0.000	0.000	0.000	0.000

Class 06	6098.840	4380.446	71.824
Class 07	0.000	0.000	0.000
Total	6101.724	4382.551	71.825

Global mountain classes as defined by UNEP-WCMC (2002)

Kapos Mountain Class	Description
Class 1	Elevation >= 4500 meters
Class 2	Elevation >= 3500 & < 4500 meters
Class 3	Elevation >= 2500 & < 3500 meters
Class 4	Elevation >= 1500 & < 2500 meters &
Class 4	slope >= 2 degrees
	Elevation>= 1000 & < 1500 meters &
Class 5	slope >= 5 degrees OR local (7 km
	radius) elevation range > 300 meters
	Elevation >= 300 & < 1000 meters &
Class 6	local (7 km radius) elevation range >
	300 meters
	Inner isolated areas (<=25 Km <sup>2</sup> in size)
Class 7	that do not meet criteria but
	surrounded by mountains

**Mountain Green Cover Index = 71.83%**

# 16.3 Promote the rule of law at the national and international levels and ensure equal access to justice for all.

# 16.3.2 Unsentenced detainees as a proportion of overall prison population

Year	Unsentenced detainees as a proportion of overall population (%)
2017	65.37
2018	68.14
2019	69.22
2020	60.20
2021	58.31
2022	64.58

Unsentenced detainees as a proportion of overall prison population (Percentage)

2030 Target **30.5**%

The total number of persons held in detention who have not yet been sentenced, as a percentage of the total number of persons held in detention. Based on the Morning Unlock of Convicted and Un-convicted (Data frequency -on a specific Date )-31st December of the respective year. \

16.3 Promote the rule of law at the national and international levels and ensure equal access to justice for all.

Indicator 16.3.3. Proportion of the population who have experienced a dispute in the past two years and who accessed a formal or informal dispute resolution mechanism, by type of mechanism (Proxy Indicator)

	2016	2020	Target by 2030
Proportion of Cases filed	4.48	4.05	3.5

Data received from Courts, Mediation, and Labour Tribunal - No of cases filed

	2015	2016	2017	2018	2019	2020	2021	2022
Number of complaints recorded by Sri Lanka Police	1014812	1039350	1020987	1013711	959015	954299	925886	922114

Source: Ministry of Justice, 2015-2022

Target 16.4 By 2030, significantly reduce illicit financial and arms flows, strengthen the recovery and return of stolen assets and combat all forms of organized crime.

Indicator 16.4.2 Proportion of seized, found or surrendered arms whose illicit origin or context has been traced or established by a competent authority in line with international instruments

### Total Number of Seized, Found or Surrendered Arms

Year	Seizure of firearms (with suspects)	Firearms Discovery (No Suspects)	Handing over of firearms to police stations (during grace periods)	Total
2017	188	12	26	226
2018	197	17	25	239
2019	270	38	183	491
2020	442	49	167	658
2021	266	29	30	325

Source: Crime Intelligence Analysis and Prevention Division, Sri Lanka Police, 2017-2021

Target 16.6 Develop effective, accountable, and transparent institutions at all levels. Indicator 16.6.1 Primary government expenditures as a proportion of the original approved budget, by sector (or by budget codes or similar)

Year	Primary government expenditures as a proportion of original approved budget
2015	112.60%
2020	106.55%
2021	87.70%

Source: World Bank-2015-2021

Target 16.9: By 2030, provide legal identity for all, including birth registration. Indicator 16.9.1: Proportion of children under 5 years of age whose births have been registered with a civil authority, by age

Year	Proportion of children under 5 years of age whose births have been registered with a civil authority
2019	98.9%

 Proportion of children under 5 years of age whose births have been registered with a civil authority Target 16.b Promote and enforce non-discriminatory laws and policies for sustainable development. Indicator 16.b.1 Proportion of population reporting having personally felt discriminated against or harassed in the previous 12 months on the basis of a ground of discrimination prohibited under international human rights law.

16.b.1 Number of people reporting having personally felt discriminated against or harassed in the previous 12 months on the basis of a ground of discrimination prohibited under international human rights law. (Proxy Indicator)

	2016	2018	Target by 2030
Number of reported cases to Human Rights Commission	9172	6548	4000
Number of reported cases to courts	467	428	325

Source: Ministry of Justice(Annual Report HRC and Statistics of the Supreme Court)-2016-2018

Strengthen the means of implementation and revitalize the global partnership for sustainable development

# 17.3 Mobilize additional financial resources for developing countries from multiple sources.

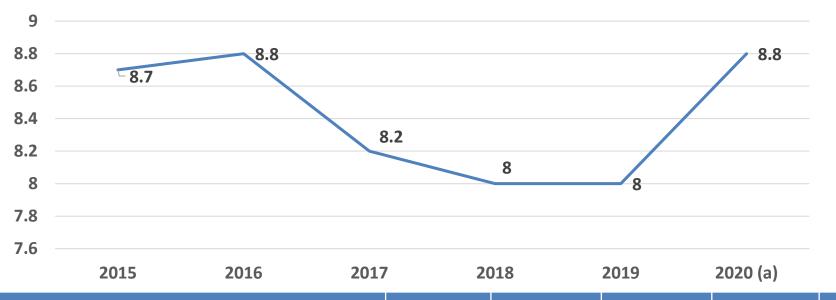

# 17.3.2 Volume of remittances (in United States dollars) as a proportion of total GDP

**Notes** 

(a) Provisional

Volume of remittances (in United States dollars) as a proportion of total GDP(%)

	2015	2016	2017	2018	2019	2020 (a)
Volume of remittances (in United States dollars) as a proportion of total GDP	8.7	8.8	8.2	8.0	8.0	8.8
17.3.2.a Volume of remittances as a proportion of total GDP by personal transfers	7.7	7.8	7.2	7.0	6.9	7.7
17.3.2.b Volume of remittances as a proportion of total GDP by compensation of employees	-0.08	-0.08	-0.08	-0.08	-0.12	-0.12

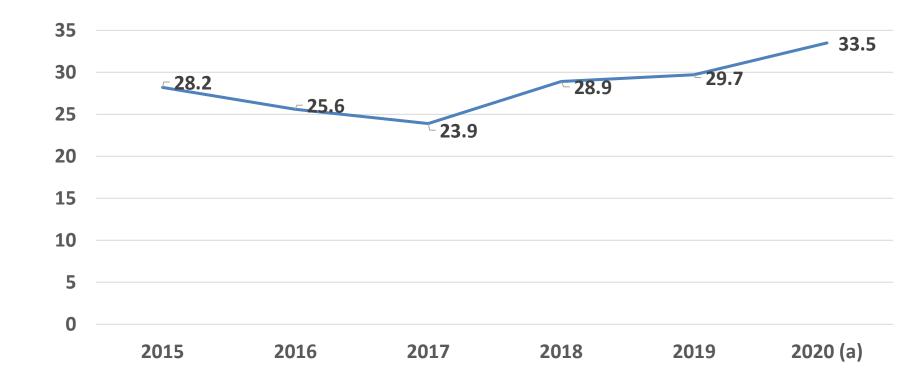

# 17.4 Attaining long-term debt sustainability through coordinated policies aimed at fostering debt financing, debt relief and debt restructuring, as appropriate, and address the external debt to reduce debt distress.

# 17.4.1 Debt service as a proportion of exports of goods and services

40

Year	Debt service as a proportion of exports of goods and services(%)
2015	28.2
2016	25.6
2017	23.9
2018	28.9
2019	29.7
2020 (a)	33.5

Debt service as a proportion of exports of goods and services

Notes
(a) Provisional

17.6 Enhance North-South, South-South and triangular regional and international cooperation on and access to science, technology and innovation and enhance knowledge sharing on mutually agreed terms, including through improved coordination among existing mechanisms, in particular at the United Nations level, and through a global technology facilitation mechanism.
